The Honor System

The Honor System, adopted by the College in 1956, is a form of student self-government under which all students pledge to cooperate in acting honestly and honorably. Specifically, the System rests on the premise that lying, cheating, and stealing are not tolerable within the College community. The Honor System is administered by an Honor Court elected by the student body and composed of representatives from each class. It is grounded in the belief that students are honest and trustworthy. A violation of the System is an offense against the entire student body. A violation can result in dismissal from the College or imposition of an intermediate sanction. The College will automatically enforce any sanction imposed by the Honor Court on a student certified to be guilty of a breach of the Honor System.

I understand that omitting information or providing false information will result in denial or dismissal from the College.
